Department of Natural Resources  
Division of Oil, Gas and Mining  
Mined Land Reclamation Program  
3 Triad Center, Suite 350  
Salt Lake City, Utah 84180-1203

Dear Mr. Shepherd:

We have received your amended bond estimate and site inspection report for the Radium King Mine dated March 19, 1992.

We are unable to inspect the mine site and respond with a recommendation for bond reduction before the board meeting on April 22, 1992. However, since you have recently inspected the site and found the reclamation work meets the Standards of the Division of Oil, Gas and Mining, we feel your assessment and bond recommendation is sufficient. The Bureau of Land Management, therefore, concurs with the \$3,500.00 bond to cover any remaining revegetation of the site.

Please provide copies of bond instruments and any transfer documents if the board approves the transfer of responsibility from Atlas Minerals to B & W Construction.

Sincerely yours,

*Robert Lunn*  
Acting Area Manager
